Board members generally spend up to 10-15 hours per month involved in board meetings, committee meetings, attending various school functions, as well as personal growth and preparation related to their school board service. In addition to this, the Board attends the Washington State School Directors Association conference for two days in November. Please tell us if you foresee any personal, business or other civic responsibilities that could interfere with that minimal level of commitment.

I, \_\_\_\_\_, declare the information I have provided and the content of my answers to be a true and accurate presentation of myself.
